

AP3 CONTACTLESS TERMINAL

Contactless Payments in your Pocket!

FEATURES

- ✓ **Contactless Payments.** Allow customers to pay for purchases simply by tapping their Visa or MasterCard contactless cards. Apple Pay, Samsung Pay and Android Pay also work seamlessly with this EMV certified device.
- ✓ **Desktop or Mobile.** Designed for businesses large and small, our AP3 reader is small, light and robust. With extremely long battery life and no cables required, you can use it instore or charge customers whilst on the go.
- ✓ **QR Code Display.** Display Alipay dynamic QR codes on the AP3's high contrast E-Ink display.
- ✓ **Connects to your mobile POS (smartphone, tablet) or traditional POS via wireless pairing or USB.** Quest offer a variety of applications including Airpay, Quest's innovative mobile POS for iOS and Android.
